Paraquita Bay to Hodges Creek Road Reopening Notice

Release Date: 25 June, 2025

The public is notified that the Paraquita Bay and Hodges Creek road will be open at 12 noon today, June 25.

The Ministry of Communications and Works apologises for the inconveniences caused due to the road closures and the current state of the reopened roadway. The progress of works with respect to completing the segment of road at Hodges Creek has fallen short of the ministry’s expectations due to shortages and logistic challenges with concrete from the contractor's preferred supplier. Consequently, the progress of road paving has not been met.

Motorists are being asked to be mindful of any road barricades and other motorists who will be traversing the area.
