

Procurement Tips

Release Date: 28 April, 2026

The flyer features the Government of the Virgin Islands logo at the top center. Below it, the title "PROCUREMENT TIPS" is written in large, bold, blue capital letters. Underneath the title, the subtitle "Rules Concerning Estimation of the Value of Procurement" is written in a smaller blue font, followed by "Public Procurement Act, 2021 Part VII 41(1&2)" in a smaller black font. A horizontal blue line separates the title/subtitle from the list of tips. The list contains two items: 1. A procuring entity shall neither divide its procurement nor use a particular valuation method for estimating the value of procurement so as to limit to competition among tenderers or otherwise avoid its obligations under this Act. 2. In estimating the value of procurement, the procuring entity shall include the estimated maximum total value of the procurement contract or of all procurement contracts envisaged under a framework agreement over its entire duration, taking into account all forms of remuneration. To the right of the second tip, there is an illustration of two stylized blue figures in business suits shaking hands, each holding a briefcase.
