## Internal Audit Did You Know Series Part Three

Release Date: 20 May, 2026

INTERNAL AUDIT IN FOCUS: Shifting the Narrative – Reset, Renew, Rebuild.

### KEY | ASSURANCE

**What Does Internal Audit Actually Give You? Did You Know? One of the two core services Internal Audit provides is ASSURANCE.**

Assurance means Internal Audit independently examines evidence to provide an objective assessment of whether risks are being managed and controls are working effectively. When Internal Audit completes an assurance engagement, leadership can have greater confidence that:

- **Processes are operating as intended**
- **Risks are being appropriately managed**
- **Controls are in place and effective**

Assurance isn't a rubber stamp — it's an evidence-based opinion you can act on.
