Ministry of Finance Announces Changes to Consent to Restore Requests

Release Date: 24 July, 2026

24th July, 2026

Ministry of Finance Announces Changes to Consent to Restore Requests

The Ministry of Finance has announced the introduction of an important change to the submission process for Consent to Restore Requests for the Financial Services Industry.

Effective 31 July 2026, the Consent to Restore Requests will no longer be accepted via email and must instead be submitted through the Company Restoration Portal via [link \(click here\)](#).

Financial Secretary Mr. Jerimiah Frett said, “Stakeholders are encouraged to familiarise themselves with the portal and its submission requirements prior to the effective date. Guidance on the submission process is available in the attached Company Restoration Portal Guidance Handout”

Requests submitted via the restoration email after this date will not be processed and applicants will be directed to submit their requests through the portal.

Persons are notified that this change applies only to Consent to Restore Requests. Documents such as sealed court orders, court applications, and general restoration-related correspondence and enquiries do not require submission through the Company Restoration Portal, and will continue to be submitted via the restoration email at restorationsbvi@gov.vg

The Ministry solicits the cooperation and support of the public during this transition. Persons who require assistance or have any questions, please contact the ministry at restorationsbvi@gov.vg.

The Ministry of Finance is tasked with a broad range of responsibilities that include the development and implementation of the government's budget, revenue collection, financial reporting, and the management of public debt. The ministry also oversees economic planning, ensuring that the Territory's economic policies support growth and stability.
