11 November 2026

eVisa Exemption For Eligible Entry Permit & Work Permit Holders

The Department of Immigration is advising the public that Cabinet has approved the removal of the eVisa requirement for eligible nationals of visa-restricted countries, scheduled to take effect on 15 November 2026.

WHO QUALIFIES?

- Persons holding a valid Entry Permit who remain compliant with its conditions.
- Visa-restricted dependants of qualifying Entry Permit holders, provided they continue to meet the relevant conditions.
- Persons who have received Work Permit approval through an Immigration Clearance Letter but have not yet entered the Territory or obtained their physical Work Permit and Entry Permit.

WHEN DOES THE EXEMPTION END?

For Entry Permit holders, the exemption ends when the permit expires, is cancelled or revoked. For dependants, the exemption also ends if the principal Entry Permit holder no longer qualifies or if the dependant obtains an independent immigration status.

WHAT IF I ALREADY APPLIED FOR A VISA?

Persons with ongoing visa applications must complete the application process and pay the applicable fees.

All other applicable immigration and travel requirements remain in effect.
